In the Matter of the Request for Records in  
the Following Case(s):

Confidential or Sealed Record**

1. I am interested in this matter as: The individual whom the case fucking pertains to.
2. I am requesting access to the following record(s): The complete fucking records. That includes access to index's 24, 27, 34, and 42 which I was denied access to already.
3. My reason for making this request is: I am a party of the fucking matter who's court appointed public offender refuses to communicate with, is hostile towards me, and who is just a puppet for the corrupt systems.
4. I am going to use the record(s) as follows: I need those records to be prepared to defend myself from baseless and malicious allegations and court proceedings. Under US law, I am also entitled to those records as a party.
